

FAAPI 2018

CALL FOR PAPERS

"Redefining English Language Teaching and Learning:

Adapting to Meet Diverse Needs"

Río Gallegos 11, 12 & 13 October, 2018

The mission of **FAAPI**, the Argentine Federation of English Teachers Associations, is to connect and support English Language Teaching professionals in Argentina and to foster continuing development and growth in the field of EFL teaching. FAAPI's Annual Conference, organised every year by one of its 23 Teachers' Associations, is a key academic event which seeks to accomplish that mission. The 2018 conference organised by **APISC** (Asociación de Profesores de Inglés de Santa Cruz), will bring together ELT professionals from Argentina and other countries to discuss and reflect upon the multidisciplinary nature of our field.

General guidelines for the submission of proposals

Types of presentations:

1. Papers

A paper tells the audience something about what the presenter is doing or has done in relation to research, theory and/or practice.

Time: 25' + 5' for Q & A.

2. Workshops

A workshop is a session in which there is active audience participation in tasks suggested by the presenter(s). A theoretical framework is required, but should be kept to a minimum as most of the time available will be devoted to demonstrating materials or activities that have been developed and tried out by the presenter(s).

Time: 60' (for both the presentation itself and the interaction with the audience)

3. What worked with my class

The 43rd FAAPI conference is once again offering a space for primary and high school teachers who have never presented or published before and whose voices often get lost in big venues like this one.

These are short presentations where primary and high school teachers will share activities that they actually tried with their students. Presenters are encouraged to be as descriptive and as straight-forward as possible and to bring along visual support (for example, a poster or a handout) if it is necessary to tell their success stories.

Time: 20'+ 10' for interaction with the audience

4. Poster presentation

A poster is a summary of your research or creative project in a visually engaging way. It must be academically sound, highlighting the context of your work (through photographs, maps, drawings, etc.), your methods, and results (with graphs, charts, photographs, etc.).

You will have the chance to interact with the audience in a more informal way as you will also be sharing a room with other posters presenters. There will be no formal talk but interaction with the audience during the time allotted.

Time: 60' for sharing, comments and questions

To submit a proposal, please complete the Presenter's Form at [CLICK HERE](#) and send it to callforpapersfaapi2018@gmail.com between 5 February and 5 May, 2018.

FIRST TIME SPEAKER? If you are applying for the Daniel Fernandez Scholarship (DFS), please follow this link: <http://www.faapi.org.ar/daniel-fernandez-scholarship/>

Title of presentations should be written in English and in Spanish. The abstract will appear in the conference programme. It should accurately reflect the content of what presenters are going to talk about, as it is on the basis of the abstract that participants will make their decision to attend the session. (Abstracts which are over 75 words cannot be considered for inclusion in the programme).

The summary of approximately 250-350 words should provide clear information about the presentation's content and organisation. It should outline exactly what presenters are going to talk about in the session and how the session will be structured. It will be used for blind review by the academic committee and will not appear in the conference programme.

IMPORTANT! To be a speaker you must be a certified teacher of English or else present in collaboration with a certified teacher.

All presenters should be registered at the Conference by May 31, 2018

If you are not registered by then, your presentation/presentations will not be included in the conference programme.

Criteria for selection:

Remember that your proposal consists of a **summary** and an **abstract**.

- Your summary is related to the Conference main topics and subtopics (see above)
- You have not presented this session, or a version of this session, at a previous academic event.
- It is clear from your summary that you have something new to say or that you plan to shed new light on a topic which has been dealt with at other conferences or in print. It

should also be clear that you have taken into account the level of knowledge of the expected audience that you indicated in the presenter's form.

- If your presentation relies heavily on a description of your local situation, make sure you discuss either the implications for people working in similar contexts, or its general relevance.
- The title should have a maximum of 10 words and be self-explanatory.
- The abstract must be 75 words and accurately reflect the content of the talk.
- The summary must be between 250 and 350 words.
- Proposals for papers and workshops can have up to three authors and all of them must be registered at the conference before the deadline for presenters.
- Proposals for 'What worked with my class' sessions can have up to two authors.
- Presenters cannot submit more than two proposals whether individually or jointly.

Note: Receipt of proposals will be acknowledged. If presenters do not receive acknowledgement within 4 days of having sent their proposals, they should re-send all materials. To avoid duplication of materials, presenters are encouraged to wait 4 days before resubmitting them.

Publication of Selected Papers (ISBN to be confirmed):

Edited by: *Darío Luis Banegas, Mario López-Barrios, Melina Porto, y Diana Mónica Waigandt*

Publication of the submitted papers will not be automatic, as the papers will go through a selection process.

Authors whose evaluation forms recommend publication are invited to submit a paper based on their presentation (between 2,800-3,500 words, including references, tables, and appendices) before 8th July. These papers will be reviewed by the Selected Papers editors who will inform authors whether their articles are accepted as is, accepted with modifications, or rejected. This process is different from inclusion in the conference programme, that is, a presentation may be included in the programme but the paper may not be part of the Selected Papers. This is due to the different nature and aims of an oral presentation and an academic manuscript. Note that the ultimate decision to include a contribution is in the hands of the Editors. The Selected Papers e-book will only include between 20-22 papers. Papers should be submitted by no later than 8th July to the assigned editor.

Instructions for manuscript preparation:

- ✓ Include a title, authors, affiliation (i.e. only one institution where you work/study), and an email address (this will be published)
- ✓ Use Times New Roman 12, double spaced, unjustified
- ✓ Do not include an abstract
- ✓ Do not number your pages
- ✓ Do not include footnotes; if necessary place them at the end of the manuscript as endnotes.
- ✓ Divide your text into numbered sections with headings (e.g. 1. Introduction, 2. Theoretical framework, 2.1. Initial definitions). Avoid over-subdividing your manuscript.
- ✓ Include captions for all your figures and tables and refer to them in your text.
- ✓ Refrain from using materials (e.g. pictures, figures) from published materials, unless you have been formally granted permission for their use.
- ✓ Try to refer to/cite Argentinian and other Latin American authors whenever possible.
- ✓ Use APA 6th edition for in-text as well as full references. Please visit <http://bit.ly/XePVK> and <http://bit.ly/QrmdV0>

Selected Papers submission deadline: 15 July, 2018
